

# I've Been Trying

[Phil Collins](#)

I've been trying  
Lord knows that I've been trying  
To understand why  
Can't I be your only man? Now you said you love me  
So sincerely  
That I believed that you love me  
An' yet I can't understand why  
Can't I be your only man? Day after day  
You treat me any old way  
I wanna go but my heart says, "No"  
Acting so strange  
But my love still remains  
So keep on trying boy  
She's gonna change Day after day  
You treat me any old way  
I wanna go but my heart says, "No"  
Acting so strange  
Yet my love still remains  
It says keep on trying boy  
She's gonna change Now, I've been trying  
Lord knows how I've been trying  
But I can't understand why  
Can't I be your only man? I just keep on trying  
Just keep on trying  
You gotta keep on trying  
Gotta keep on trying Keep on trying  
Keep on trying  
Just keep on trying
