Killstardo Abominate

Dethklok

Non believer, banished from earth, tortured monster
WOOOOOOAAAH
The beast is no longer amongst us, the beast is on? his way to hell
Supervillain, missionary, soldier of hate!
WOOOOOAAAAH
Banish abomination, we slaughter the? whores. we use the poison blood to inject him
Demon, serpent, Leviathian, take him, broken, exorcist, forget, begone
(solo)
We take you down, we take your soul, we eat your flesh, we are your DETH!
Banish abomination, incantations will be sung, give the gift of flesh for your exit
Demonic wizard, your price is paid, take away this beast, in the moon light
