What Love Has Joined Together

Queen Latifah

It would be easier to take the wet from water
Or the dry from sand
Than for anyone to try to separate us
Or stop us from holding hands'Cause I love you
(I love you)
Oh, I love you from the bottom of my heartAnd what love has joined together
What love has joined together
Can't nobody take it apartIt would be easier to take the cold from snow
Or the heat from fire
Than for anyone to take my love from you, baby
'Cause you're my heart's desireI really love you
(I love you)
I love you from the bottom of my heartAnd what love has joined together
What love has joined together
What love has joined together
Can't nobody take it apartEven if they separate us
A thousand miles apart
We will still be together
In each other's heartsIt would be easier to change
All the seasons of the year
Than for anyone to change
The way I feel about you, oh, I love you dearI really love you
(I love you)
Oh, baby, I love you from the bottom of my heartLove has joined together
What love has joined together
What love has joined together
Can't nobody take it apart, babyWhat love has joined together
What love has joined together
What love has joined together
What love has joined togetherWhat love has joined together
What love has joined together
What love has joined together
