-Crazy

Lumidee

I came through to catch up with you, see what you wanna do
I see you out there acting a fool, that's not too cool with you
You're all upon some other chick, I'm like, he's on some other shit
I ain't even gonna stress youAnd it's crazy, you want me to be your baby
But that shit here won't phase me
I'm tellin' you, boy, you're crazy, you're shady
And it's crazy, you want me to be your baby
But that shit there won't phase me
I'm tellin' you, boy, you're crazy, you're shadyI know you beat me here but it's cool, keep up your little move
It's not my style to act up like you, I'm just observin' you
To flip and wanna start a fight, took you when I've needed it
This time around I'm gonna be coolAnd it's crazy, you want me to be your baby
But that shit here won't phase me
I'm tellin' you, boy, you're crazy, you're shady
And it's crazy, you want me to be your baby
But that shit there won't phase me
I'm tellin' you, boy, you're crazy, you're shadyMan, I ain't new to the game, I ain't new to this thing
I'm off this chain and you know it
I've been watchin' you move, I been watchin' you do
All the things that you do and it's driving me crazySo you've been freaky, sexy, nasty
I'll do anything that ya like, just ask me
See, baby, you and me, baby, drive each other crazy when we get freaky
It's promiscuous, far from monogamous
If you get it you got it, I hit it, you goneNow bend over, baby, let me play with your thong
And if you act right, baby, I'll let ya play with my tongue
I in love with a stripper but I'm gettin' this wrong
One time we bang, keep gettin' it on
I showed her ma um she showed me her um
I'm like, you crazy, she like, you crazyAnd it's crazy, you want me to be your baby
But that shit here won't phase me
I'm tellin' you, boy, you're crazy, you're shady
And it's crazy, you want me to be your baby
But that shit there won't phase me
I'm tellin' you, boy, you're crazy, you're shadyJust because I was into you
I ain't gonna go and catch feelings, boo
For me it was nothing new
Get up on ya, man, and do what ya doYeah, keep it movin' now
You can keep it movin'
Yeah, keep it movin' now

Just can keep it movin'And it's crazy, you want me to be your baby
But that shit here won't phase me
I'm tellin' you, boy, you're crazy, you're shady
And it's crazy, you want me to be your baby
But that shit here won't phase me
I'm tellin' you, boy, you're crazy, you're shadyKeep it movin' now
You can keep it movin'
Keep it movin' now
Just keep it movin'Keep it movin' now
You can keep it movin'
Keep it movin' now
Just keep it movin'
