Leash On Me

Grim Skunk

We will never live in peace or harmony
You put me down, think I'm ignorant and weak
You could be satisfied just to keep me by your side
But it would be misery
Can't take away my honor
Can't crush my self-esteem
When will you finally see
You'll never put a leash on meGo ahead I dare you to try
You get in my way you get pushed aside
Make no mistakes I'm not afraid
You'll never put a leash on meWatch me get up and leaveI'm warning you don't put that rope around my neck
I'd rather die than accept
Thought you could be my master
Thought I would be your dog
When will you finally see
You'll never put a leash on meLeft right, keep on marching hold that line
Right left, always forward never rest
Right left, right left
Always forward never rest
Always forward never restThis cage won't hold me for eternity
I won't stop pounding it until you set me free
Thought I would remain by your side
Until the day I die
When will you finally see
You'll never put a leash on me
