

# Touch That Body

## Mint Condition

Hey pretty lady, I've been knowing you for a long time  
Can we talk? There's something working on my mind  
I've been thinking, 'bout you and me baby gettin' it on  
We should do it, promise I'll hold you all night long  
Touch that body, touch that body baby  
Touch that body, touch that body baby  
Touch that body, touch that body baby  
Can I take you home? Promise there'll be no telephone  
Just you and me, take care of you from A to Z  
You know I got you back, treat you like a queen  
Wouldn't know how to act  
You know I'm all you need, girl I'm here to please  
Touch that body, touch that body baby  
Touch that body, touch that body baby  
Touch that body, touch that body baby  
Can you see it through, making me a part of you?  
Can you see it through, making me a part of you?  
Touch that body baby  
Won't you work it lady?  
Touch that body baby  
Won't you work it lady?  
Touch that body, touch that body baby  
Touch that body, touch that body baby  
Touch that body, touch that body baby  
Can you see it through, making me a part of you?  
Can you see it through, making me a part of you?  
Can you see it through, making me a part of you?  
Can you see it through, making me a part of you?  
Can you see it through, making me a part of you?  
Touch that body baby  
Won't you work it lady?  
Touch that body baby  
Won't you work it lady?
