I Wanna Be With You Tonight

Screeching Weasel

I just know your name but still just the same I see you in my dreams at night I see you in my food when I eat I see your pretty mug I think that I'm in love If you kissed me I would blow up If you kissed me you would throw up I try to say don't walk away from me in this condition I sit and look at you and think of what you do after school when you go home and leave me standing all alone here And I try to speak My mouth's dry I'm weak I'm sure you've got a boyfriend and he's probably a lawyer or something I try to say don't walk away from me in this condition cause I wanna be with you tonight I can't move to the other side of the room and you're ignoring me You must think I'm gay or something because I can't find a way to ask you out but I'm trying I'm trying I'm trying I'm trying
