Someday

Tegan and Sara

They yell speak up
I fill these pages like I fill those spaces with my lies
They yell step down
A crowd's not worth this and love's not worthless
You gotta step up, strangerMight paint something I might wanna hang here someday
Might write something I might wanna say to you someday
Might do something I'd be proud of someday
Mark my words, I might be something somedayThey yell right on, a class act president
You are my boss, I am competent in your eyes
They yell move up
Don't stand back here and wait like an animal at a farmer's gate
Am I food or am I free?So speak up
This is your last chance, my friend
Roll the windows down and take me in
Reach out
Say what you're really about
Are you coming here or not? Are you coming out?Might paint something I might wanna hang here someday
Might write something I might wanna say to you someday
Might do something I'd be proud of someday
Mark my words I might be something somedayMight paint something I might wanna hang here someday
Might write something I might wanna say to you someday
Might do something I'd be proud of someday
Mark my words I might be something somedayI don't wanna know that you don't want me
I don't wanna know what you do without me
I don't wanna know what I'll be without you
I don't wanna know, I don't wanna knowI don't wanna know that you don't want me
I don't wanna know what you do without me
I don't wanna know what I'll be without you
I don't wanna know, I don't wanna knowMight paint something I might wanna hang here someday
Might write something I might wanna say to you someday
Might do something I'd be proud of someday
Mark my words I might be something somedayMight paint something I might wanna hang here someday
Might write something I might wanna say to you someday
Might do something I'd be proud of someday
Mark my words I might be something somedayMight paint something I might wanna hang here someday
Might write something I might wanna say to you someday
Might do something I'd be proud of someday
Mark my words I might be something somedayMight paint something I might wanna hang here someday
Might write something I might wanna say to you someday

Might do something I'd be proud of someday
Mark my words I might be something someday
