

# I Feel It for You

**Jean B. Gerbier**

I feel it for you

I feel it for you. You are the joy of my life, ever time  
I kiss your lips, I want to draw you closer to me. If it  
occurs one day, that I live without your love, I'd missed  
so much your affection.

Chorus

I think I feel it for you. You are the joy of my life. Now that I am  
in love with you, I want you to be in my arms forevermore. It feels so  
good to be in your arms forevermore. I pray the Lord above, that  
this love affair may last forevermore.

II

Sugar darling I feel it for you, all I need from you is just a tender  
touch, to soothe my loneliness. No more worries, sleeplessness, loneliness
