Can't Say No

Dan + Shay

It's seven a.m. baby
Trying to catch up on a little sleep
Its way to early baby
For you to be crawling all over me
Next thing you know were driving round
She's dragging me all over town
Ain't no other girl in the world that can do me like that
She knows how to work them cut off things
She knows how to get me to do about anything
How to bat those eyes, swing them hips, how to rock that cherry red lipstick
She knows I can't say no
Yeah baby thats all about all I can say
Whatever you want baby, as long as you kiss me that way
My heart of stone melts in her hands
I'm getting used to changing plans
Ain't another girl in the world that can do me like that
She knows how to work them cut off things
She knows how to get me to do about anything
How to bat those eyes, swing them hips, how to rock that cherry red lipstick
She knows I can't say no
No to that smile
No to that kiss
No I just can't resist, yeah
Yeah I could be out there with the boys, but as soon as I hear that little voice
I'm gone
Yeah I'm gone baby
She knows how to work them cut off things
She knows how to get me to do about anything
How to bat those eyes, swing them hips, how to rock that cherry red lipstick
She knows I can't say no
Can't say no
Can't say no, yeah
I can't say no
