

4422 (feat. Sampha)

Drake

[Refrain: Sampha]

I'm runnin', but can't run away

You say you changed

But you never change up[Chorus: Sampha]

44, 22

You built it up to break it halfway through

Just make the call, 22

But you're just the same as I ever knew

44, 22

You built it up to break it halfway through

Just make the call, 22

But you're just the same as I ever knew

44, 22

You built it up to break it halfway through

Just make the call, 22

But you're just the same as I ever knew

44, 22

You built it up to break it halfway through

Just make the call, 22

But you're just the same as I ever knew

44, 22

You built it up to break it halfway through

Just make the call, 22

But you're just the same as I ever knew

44, 22

You built it up to break it halfway through

Just make the call, 22

But you're just the same as I ever knew[Verse: Sampha]

I know I fear trust

I know I fear fear too much

On my plate, lookin' up

Outer space, Pearly Gates[Refrain: Sampha]

I'm runnin', but can't run away

You say you changed

But you never change up
