

Even After All

[Finley Quaye](#)

Even after all the murdering
Even after all your suffering so You know I love you so
You know I love you so and so
Even after all All that you go on, sir
Is the order of the day
And all that you believe, sir
Is the order in this society You know I love you so
You know I love you so and so
Even after all This is my manner y'all
Man, just feel satisfied
No competition, no competition at all
I just feel satta star Them eyes are gorgeous. girl
No demise, uprise
I got to raise it again
Them eyes are gorgeous, I must advance I don't check for no superficial
It's got to be beneficial
These sonic fruits, these sonic fruits
Sight These sonic fruits
Got them moving around alright
Hyper play
Steppin' and rising Even after all the murdering that go on
Even after all, oh no, your suffering so You know I love you so
You know I love so and so
Even after all You just survive, soldier
And your soul is beautiful
And your soul is good
