

Flight 602

Chicago

You are, you are on a plane now
And on your way up north
Canada is so far from where you want to beBe in California
With sunshine in your heart
But you know there are people you have to be, have to beHave to be what they say you are
What you always wanted to be, wanted to be
Wanted to be just a man fulfilled but a little more free
A little more freeYou are, you are in a hotel
And in your room alone
Lying there, but not knowing where you're s'posed to beBe thinking of B-3s
And Leslie's going 'round
And you know there are people that are going to be, going to beGoing to see what they say you are
What you've always wanted to be, wanted to be
I only wanted to be just a man fulfilled but a little more free
A little more free, a little more free
