

Da Graveyard (classic)

Big L

It's the number one crew in the area
The Big L be lightin' niggas like incense

Gettin' men lynched, too intense, I'm killin' infants for ten cents

Cause I'm a street genius with a unique penis

Got fly chicks on my dick that don't even speak English

I'm makin' ducks shed much tears, I buck queers

I don't have it all upstairs but who the fuck cares?

I'm grabbin' brews takin' fast swiggas

I get cash and stash figures and harass them bitch ass niggas

After you your man'll get scarred next

And if your squad flex I'm lettin' off like Bernard Goetz

A Tec-9 is my utensil

Fillin' niggas with so much lead they can use they dick for a pencil

I'm known for snatchin' purses and bombin' churches

I get more pussy by accident than most niggas get on purpose

I got drug spots from New York to Canada

Cause Big L be fuckin' with more keys than a janitor
Now it's the dictator who's style is greater

It's the man with more wild flavors than motherfuckin' Now & Later

And rappers I hit 'em well

They automatically go to heaven fuckin' with me cause I give 'em hell

So don't try to front troop

When your style is played out just like an Oshkosh jumpsuit

I'm out to collect figures

I'm on some Wu-Tang shit so protect your fucking neck nigga

Not a role model I'm a bad figure

When it comes to rap I got skills out the ass nigga

I got it locked like a warden

Rap without Finesse is like the NBA without Jordan

So all ya new jacks kickin' wack raps

It's a fact that I'll be on your fuckin' back like a knapsack

It ain't shit you can tell me

Because bitches still gel me without a motherfuckin' L
It's the number one crew in the area, known for sendin'

garbage MCs to the graveyard
Yo I got a death wish

That's why I talk so much fuckin' shit

I want these bitch motherfuckers to try to flip

So I can fill up this clip

And stick the gun between they lips like a cigarette

And let 'em smoke the four fifth

Ah fool, ah goodbye no need to try to lie or cry

It's time for motherfuckers to die

Because to me death is like sex
And if my brain was a deck of cards I'd be missing a whole deck
Strap up a Mac clack clack motherfuckers are runnin' like rats
The blind bats are fuckin' crazed cats
Cause the Microphone Nut's loose
And you're wonderin' how the fuck did this madman get cut loose
From 25 consecutive 25 to life bids
For murderin' up some fuckin' white kids
These were the kids of the prison guards
Then I startin' killin' squads of prison guards in the prison yard
One two everybody's through
The Microphone Nut flew over the prison walls without a clue
And now I'm back to haunt shit and talk shit
Whoever flaunt shit I leave 'em unconscious
I run through ya with a maneuver and German luger
Wreck like Das EFX straight out the fuckin' sewer
Please show me where the crack is at
While they quarter crack the sack I crack they backs like Cracker Jacks
So I'm the one you should run from
Because the Microphone Nut is like a motherfuckin' stun gun The way I rock no way you could stop
I shock pop and drop when Jay gets hot
When I'm in the zone better hold ya own
Cause I like to break when I finish a poem
Pound for p-p-pound the best around
No way you can get up when I get down
I shake rattle and roll and wreck shit like none
And beat a nigga ass half silly on the one
Fuckin' A fuckin' Jay ill with skill
So ladies step up I get around like a wheel
I'm never chokin' off chronic skills are bionic
Bitches are screaming like Onyx
Respect that I'll peel a punks cap back and sign it
Creep through your block fuck a Glock I step
Through your neighborhood armed with nothing but a rep
I'm giving these ladies something they can feel cause I'm real
Ya man get outta line and it's kill kill kill It's the number one crew in the area known for sendin' garbage MCs
to the graveyard Yo you step up and you'll get played like the small fry
I'm throwin' niggas off the roof said you wanna be the Fall Guy
So mess around you'll be a dead man
I get hype tonight's the night like Redman
Nuff respect to Big L who get wreck
Chiggidy check yourself cause I ain't workin' with a full deck
I'm lethal, eatin' people
Not Jeffery Dahmer I'm the sequel, head or gut like Illegal
So what cha want?

Yo I'm strapped with the gats step up plap plap
I'm leavin' caps in your back fool
I rip tracks wanna say peace to hip hop
A nigga disagree bring it on and get dropped
I get wreck I'm Party Arty so hit the deck
The kid with the Tec smokin' niggas like cigarettes
Now some ask me how I'm gettin' jewels
I say big up big up it's a stick up stick up
I stick and move And that's how we do. So I.U. grab the gat and let loose Yo rat tat tat I got the gat cocked
Nigga we ghost man a punk?
I let it roast and leave your pussy ass comatose
I'm shootin' up like the west is
Fuck suggestions
I'll blow out a niggas intestines
Better dip fast quick fast or you won't last
One blast will put your ass in a body cast
And I be killin' for rep get ill in a sec
Nine mil on your neck blood spill is still in effect
Constantly comittin' grand larceny
Arsony niggas don't want no parts of me
Never past up a fast buck ask the last duck
His jewels was truck he got his ass stuck
So what the fuck is you sayin' hops?
I'm wanted for slayin' cops
Who's ever around when I be sprayin' drops
But I ain't givin' a fuck who gets hit
Niggas coppin' pleas but I ain't tryin' to hear shit
I'll burn you faggot niggas like toast
If you die and come back I shoot your spirit
Now your ass is just a holy ghost
You tried to play me to the left
You better put a target on your head
Cause you're marked for death
