

Bad Man! (from Definitive Jux)

Murs

After tonight

Don't leave your girl round me, heart breaker for life

Ask my homeboy 9thGot all your girlfriends thinkin' that I'm the (Bad Man!)

Never neglected you or disrespected you

Or lied to have sex, yet you say I'm the (Bad Man!)

Gave you dick, never fronted, pulled your hair when you wanted

Used to flip you on your stomach, said you wanted a (Bad Man!)

Now it's all drama, an unidentified caller

On the phone with my momma talkin' bout I'm a (Bad Man!)

How could somethin' so bad be so damn good? All I wanted was to fuck, from the start I never lied

Now it hurts my heart to have to see you cry

Let you know from the jump, I was that type of guy

Now you all on my voice mail askin' me why

Never kissed you in public and I never held your hand

I never said I loved you so I never was your man

How can we break up?, when we never broke down

And committed to each other, we was fuckin' around

That's how people get hurt, and we both do dirt

Now we could put this all behind us and make things work

Or I could get behind you cause I like that skirt

Sorry 'bout that, got a one track mind

But if you say you don't wanna fuck me too, then you lying

Tryna fight it girl, shit bring your ass here

Who else can make you wet by doin' this in your ear

(See why you playin', all that bullshit you sayin') Got all your girlfriends thinkin' that I'm the (Bad Man!)

Never neglected you or disrespected you

Or lied to have sex, yet you say I'm the (Bad Man!)

Gave you dick, never fronted, pulled your hair when you wanted

Used to flip you on your stomach, said you wanted a (Bad Man!)

Now it's all drama, an unidentified caller

On the phone with my momma talkin' bout I'm a (Bad Man!)

How could somethin' so bad be so damn good? She got me screamin' in public, in the middle of the mall

I lightly touch her arm, what'd the bitch do?, fall

Now they call security, it's about to be drama

I would never hit a woman, I was raised by my momma

But I kinda feel bad even though I didn't do shit

Now I gotta waste time to find a new chick

Someone who understand a man's gotta be a man

I don't wanna have to lie just to get into your pants

And ain't nothin' wrong with a one night stand
 That happens twice a week, plus I'm nice in the sheets
 And you look like a freak, it'll be to your benefit
 A nigga you can fuck, and a nigga you can kick it with
 I'm sick of this phone tag text message foreplay
 I like to be spontaneous, that's my forte
 Let's go to my crib and have, sex in the door way
 We'd talk all night if you had things your way Got all your girlfriends thinkin' that I'm the (Bad Man!)
 Never neglected you or disrespected you
 Or lied to have sex, yet you say I'm the (Bad Man!)
 Gave you dick, never fronted, pulled your hair when you wanted
 Used to flip you on your stomach, said you wanted a (Bad Man!)
 Now it's all drama, an unidentified caller
 On the phone with my momma talkin' bout I'm a (Bad Man!)
 How could somethin' so bad be so damn good? She said this might make me look like a knight in shinin' armor
 Great way to escape or get away from the drama
 So I got a little momma, first, had to disarm her
 Said she heard about us rappers, I still got to charm her
 I'ma tell you what you wanna hear and make it the truth
 Haven't been with a woman since I left Kamloops
 Two months ago in Canada, ask my road manager
 He'll tell you I'm a good guy, I wouldn't lie to you
 Just because you look fly, look my bus cards are new
 We'll shoot to my room, make the best out of twelve hours
 We can wash that club smell out your hair in the shower
 Turn down the power, lie down and make spoons
 Or we can talk all night and listen to iTunes
 You assume this the game that I spit to every girl
 But I'm careful with my heart and who I let up in my world
 (So, here's my number, call me anytime girl) Just because I'm a musician she must think I'm a (Bad Man!)
 All alone when she listens and I know what she's wishin'
 But she won't pay attention cause she thinks I'm a (Bad Man!)
 It's not as bad as you think, cause you had a few drinks
 I'll hold you hair out the sink, you still think I'm a (Bad Man!)
 I don't do this all the time, you are just that fine
 Get that shit out your mind, I am not the (Bad Man!) Bad Man!
