

# Warped

## Blackfoot

Well it's seems that everybody has to tell me what to do  
And I didn't listen to them so you know I won't listen to you  
'Cause you know that I'm down right crazy as hell  
Do what I want to do  
Go Stand on the street corner begiing for change  
End up being a fool  
I'm warped and I'm comin' to you  
Yes im out on my own and nobody speaks for me  
And I don't want much but to keep on riding free  
And it's to bad you can't live you live for yourself  
Man come on make a stand and you know your nobody else  
Cause you know that were down right crazy as hell do what we want to do  
Stand on the street corner begging for change  
End up being a fool  
Im an easy going man with a simple little plan  
You know i aint nobodys tool  
Just becuase i don't talk to much don't think im to cool  
Im warped and i coming to you  
# Im warped, and im outta my mind  
and loved the boogie woogie  
when the feeling is right  
well im warped and im burning my brain  
why don't you come in ride it's a rock n roll train  
ohh chho choo little mama  
Solo  
Now im outta my own and nobody speak for me  
And I don't want much but to keep on riding free  
Well freedom is a fire that never goes away  
And you can't have the flame unitl your dying day  
We cuase yo know were done right crazy as hell  
Do what we wnated to do  
Stand on the street corner begiing for change  
End up beign a fool  
Im easy going man with a simple little plain  
You know i ant nobodys jewels  
Just becuase i don't talk too much  
Don't think im too cruel  
I'm warped and I'm comin' to you
