

# Cold Shower

KIX

Hot hot nights  
Keep falling down  
Got to hold on tight Better go take myself a cold cold shower  
Baby's getting hotter by the hour  
Temp's taller the the Eiffel tower  
Got to go take myself a cold cold shower  
So I guess I'm gonna make myself a bed on the floor  
You know we never got this far before  
Give me your love give me all you got  
So cool cool

So hot hot Guess I'm gonna wait all night for you  
In a hot flash - down on my knees  
Think about the things I'd do to you  
But you left me...  
Cold  
You left me in a cold cold cold shower (cold shower)  
Cold

You left me in a cold cold cold shower (cold shower) I was looking at you like  
You was looking at me  
It was a hot tease  
About a hundred degrees  
Ya drive me crazy  
Ya drive me wild

You were a toy in the store  
I was a helpless child  
Guess I'm gonna make myself a bed on the floor  
You know we never got this far before  
Give me your love  
Give me all you got  
So cool cool

So hot hot Guess I'm gonna wait all night for you  
In a hot flash - down on my knees  
Think about the things I'd do to you  
But you left me...  
Cold

You left me in a cold cold cold shower (cold shower)  
Cold

You left me in a cold cold cold shower (cold shower) So I guess I'm gonna make myself a bed on the floor  
Ya know we never got this far before

Give me your love  
Give me all you got  
So cool cool  
So hot hot  
I better go take myself a cold cold shower  
Things getting hotter by the hour  
Temp's taller than the Eiffel tower  
Better go take myself  
A cold shower Guess I'm gonna wait all night for you  
In a hot flash - down on my knees  
Think about the things I'd do to you  
But you left me...  
Cold  
You left me in a cold cold cold shower (cold shower)  
Cold  
You left me in a cold cold cold shower (cold shower)
