Cinderella

Bluebell

Is this love? Would I understand it to be?
I?ve only really seen it on the TV
Will mama sew me a dress?
Will the birds sing in chorus?
Will I be his princess, will his love keep me warm?
And when we are broke, will I get full on his love alone?
Will the stars guide me home, will he be my home?

(Chorus)
This is, no Walt Disney I'm no, Cinderella, I?m just a girl
I?m just a girl
This is, no Walt Disney I'm no, Cinderella, I?m just a girl
I?m just a girl

Will papa give me away?
Will the last 19 years fade to gray?
Will I forgive all his mistakes?
Will I trust a man?
Stop
Just say that I?m in love
Don?t say that I?m too much
Don?t say you love me but
He loves me but...

(Chorus)

(Bridge)
Set my heart free
Love is boring
Love is gray
Love's not for me
Love's not for me
Set my heart free
Love is boring
Love is gray
Love's not for me
Love's not for me

Is this love? (X4)

(Chorus)

(Bridge)

I?m just a girl, I'm just a girl
