

Pills n Potions

Nicki Minaj

Pills and potionss
We're overdosing
I'm angry but I still love you
Pills and potions
We're overdosing
Can't stand it, but I still love you I still love, I still love
I still love, I still love
I still lo-o-ove, I still lovee I still love, I still love
I still love, I still love I still love, I still love
I still love, I still love
I still lo-o-ove, I still love
I still love, I still love
I still love, I still love Hey yo they could never make me hate you
Even though what you was doing wasn't tasteful
Even though you out here looking so ungrateful
I'm a keep it moving, be classy and graceful
I told 'em it's no friends in the game
You ain't learned that yet
All the bridges you came over, don't burn that yet
Niggas want respect, but niggas ain't earned that yet
Self-righteous, and entitled
But they swearing on the Bible that they love you
When really they aint no different from all your rivals
But I still don't wish death on them, I just reflect on them Pills and potions
We're overdosing
I'm angry but I still love you
Pills and potions
We're overdosing
Can't stand it, but I still love you I still love, I still love
I still love, I still love
I still lo-o-ove, I still love
I still love, I still love
I still love, I still love I still love, I still love
I still love, I still love
I still lo-o-ove, I still love
I still love, I still love
I still love, I still love Yo, people will love you and support you when it's beneficial
I'm a forgive, I won't forget, but I'm a dead the issue
Soon as you out the nigga's lives is when they start to miss you

They see you doing good now it's kinda hard to diss you
Niggas be sick when they remember all the bad they wished you
Niggas be mad when they can't come and live lavish with you
But I sped off in a Benzy, I see the envy when I'm causing a frenzy
So I pop pills for them, cop cribs in the Hills on 'emPills and potions

We're overdosing

I'm angry but I still love you

Pills and potions

We're overdosing

Can't stand it, but I still love you I still love, I still love

I still love, I still love

I still lo-o-ove, I still love

I still love, I still love

I still love, I still love I still love, I still love

I still love, I still love

I still lo-o-ove, I still love

I still love, I still love

I still love, I still love I get high off your memory

I get high off your memory

I get high off your memory

In due time, we'll be fine

In due time...I still love, I still love

I still love, I still love

I still lo-o-ove, I still love

I still love, I still love

I still love, I still love I still love, I still love

I still love, I still love

I still lo-o-ove, I still love

I still love, I still love

I still love, I still love
