

My Address Is Hollywood

Adore Delano

Bright lights and diamonds
there's fame in the walk
tonight were shining like stars on the block
I know the glitter will bring us alive
let go we fake it but we fake it right la la la la
i'm a city angel, but it doesn't pay well
baby that's okay
la la la la la
heaven wouldn't have me
because i'm all about me
hell, i'm on my way My, my address is Hollywood
My address is Hollywood
I wouldn't change it if i could
my address is Hollywood
my address is Hollywood you say we made it
we already know
to late we got it were stealing the show
make up and only believe what you see
wake up someone else is all you can be la la la la
i'm a city angel, but it doesn't pay well
baby that's okay
la la la la la
heaven wouldn't have me
because i'm all about me
hell, i'm on my way My, my address is Hollywood
My address is Hollywood
I wouldn't change it if i could
my address is Hollywood
my address is Hollywood My, my address is Hollywood
My address is Hollywood
I wouldn't change it if i could
my address is Hollywood
my address is Hollywood
