

In Love

[Alex G](#)

Say what you will
Well I know what I am
Uncertain that meds
You wish I'm to I came through
On an evening with you
Is it living a lie
Certain i'm sitting in love
Talking in love
Leading in love
Well I wont rock the boat
I dont buy just to sell
I swallow my pride
Running to you are my queen
I will follow you down
Down darby creek
Crying
I'm running in love
Losing in love
Scratching in love
Wired in love
