Gasoline

Jann Arden

Hold out your heart and on it let the sun shine down
Open your mind and through it let the wisdom pour
Give me your word and I will give you all my trust
Give me a sign and I will give you all my love
(Hold out your heart)
All my loveTheres dirt in my mouth from kissing who I should not dare
Theres mud coming out with every rip and every tear
This thing beneath my ribs still beat me to the ground
To hold out my heart, on it let the sun shine down
(Got to hold out my heart)
When the sun shine downMy guilty skin like gasoline is burning out a hole in me
My guilty heart lies here in ruin, in ruinNobody knows me, no one will ever see
The distance between what is and what will never be
A bird will break his wings like a heart will cut her strings
And there isnt anything to comfort me
(Hold out your heart)My guilty skin like gasoline is burning out a hole in me
My guilty heart lies here in ruin, in ruinA bird will break his wings like a heart will cut her strings
And there isnt anything to comfort me
(Hold out your heart)Gasoline
Gasoline
(Hold out your heart)
