

# Don't Make Me Choose

Nick Jonas

[Nick]

Don't make me choose  
Between my left hand and my right  
Don't make me choose  
Between my love and my life  
Don't make me choose I'll be there  
You got a man who knows exactly what you need  
And I got a plan  
It's hard to see Don't make me choose  
Between my left hand and my right  
Don't make me choose  
Between my love and my life  
Don't make me choose If you really love me If you wanna talk  
I'll listen  
Give me time  
Put your mind at ease Don't make me choose Don't make me choose  
Between my left hand and my right  
Don't make me choose  
Between my love and my life  
Don't make me choose
