Starlight Express

Shirley Bassey

When the night is darkest
Open up your mind
Dream begins,it's becoming clearer
Listen to the distant
Listen and you'll find
A midnight train is getting nearer

CHORUS:
Starlight express
Starlight express
Are you real?
Yes or no?
Starlight express
(Please)answer me yes
I don't want you to go.

Take me to the places
I have never been
Bring me home safely before I wake up
Cause I believe in you completely
Though you may be unseen
This is not the kind of thing that anyone can make up.

(repeat chorus)

REFRAIN:
You're in need of bigger world to help you,
Don't you go on worrying deep inside.

(repeat chorus)

CODA:
My starlight expres
Please anwer me yes
I dont want you to go...
