That Wolf

Gomez

Head down, hiding the scar
Drive me away in your motorcar
I feel alive when you say
I don't want any other at all

The way she makes me feel
This love won't last forever
The way she makes me feel
This love won't last forever

Bolt down the cellar door
Steal me from the false of her love
I feel a pulse when you say
I don't want any other

Get out and don't you doubt
Running away with a curse and a shout
I won't rest 'til you say
I don't want any other at all

The way she makes me feel
This love won't last forever
The way she makes me feel
This love won't last forever
This love won't last forever

That wolf might run
Not far behind

I don't want any other at all
That way she makes me feel
This love won't last forever
The way she makes me feel
This love won't last forever

The way she makes me feel
That wolf might run
The way she makes me feel
Not far behind
