Everybody's Got Somebody But Me

Mildred Anderson

I wish the couple on the corner would just get a room
Seems like everyone around me's on their honeymoon
I'd love to take a pin to a heart-shaped balloon
Everybody's got somebody but meWell I don't know how I landed on this movie set
It's like the casting call for 'Romeo and Juliet'
I never would have noticed if we'd never met
But everybody's got somebody but meAnd I miss you
Without you, I just don't fit in
I know we're through
But I'm wishin' we could try it againI hear love songs playin' on the radio
People slow dancin' everywhere I go
Well, I'm a good slow dancer
But you'd never know
'Cause everybody's got somebody but me
Yeah, they do
Everybody's
Got SomebodyAnd I miss you
Without you, I just don't fit in
I know we're through
But I'm wishing we could try it againSittin' here lonely at a table for two
Watchin' lovers bein' lovers
In the corner booth
Seems like even Cupid don't know
What to do
Everybody's got somebody but meYeah, I don't know if I'll ever find another you
But everybody's got somebody but meEverybody's
Got SomebodyOh,
Everybody
Everybody
Everybody but me, nowRepeat x3 Everybody's(Everybody's) Got Somebody (Got Somebody) Everybody but me
I miss you, babyEverybody's Got Somebody But Me
