Wonderful Life

Gwen Stefani

I haven?t thought of you for years you know
Your memory seems to come and go
Our time meant so much to me
Now you can?t be found
You were the first to want me
The first to love me, the first to need me
Who was the last to know you?
The last to love you? The last to hold you?
It?s a wonderful, wonderful life
(So wonderful)
It?s a wonderful, wonderful life
(So wonderful)
It?s a wonderful, wonderful life
(So wonderful)
Such a wonderful, wonderful life
I thought of you again today
Reminded me how with time I?ve changed
If you only knew what you gave to me
Now you can?t be found
And you were the first I trusted
I learned what love is when we were just kids
When did you get so lost?
And how could you think you?d be better off?
It?s a wonderful, wonderful life
(So wonderful)
Why?d you have to say goodbye?
It?s a wonderful, wonderful life
(So wonderful)
Such a wonderful, wonderful life
Thank you for those special moments
You will always be here in my mind
Did you know you changed my life?
I?m thankful for that time
I?m thankful for that time
I?m thankful for that time
It?s a wonderful, wonderful life
Why?d you have to say goodbye?
(So wonderful)
It?s a wonderful, wonderful life

(So wonderful)
I?m asking why but I?ll never know
It?s a wonderful, wonderful life
(So wonderful)
Why?d you have to say goodbye?
It?s a wonderful, wonderful life
(So wonderful)
Such a wonderful, wonderful life
It?s a wonderful, wonderful life
Such a wonderful, wonderful life
