MY CREW

donchristian

I thought I would change for you
But I wasn't thinkin
Had me what up
And we smashed in your kitchen
Now nigga wishin that he didn't
But he did That's the reason why I'm spittin
Never shit where you live at
But you livin in my chest so I'm trippin
I used to jump every other weekend
Now I only fall off the deep endChin up,
Shoulders back,
Old clothes new cap
This love
Thats that
My soul trains off the track
I'm caught up in this deep trap
Dreaming you come back
Yeah you look good here with me
Philadelphia Germantown
I don't get it from out of town
I go round for round
Shake my hand
I'm the man
Never forget
me and my crew break hearts tooWe break hearts too
My crew my crew my crew (2x)
We break hearts tooOff the coast santorini
My niggas takin it easy
Hots spring in cave (that cocaine you hear me)
If we chill in london
We can trill in paris
Deep down in the catacombs you can find me
At passore openings in Rome
Piazza del popolo, affari del sosa
Dip set and .....
Im coming
Bend over
But ain't sorry cuz you .....Chin up,
Shoulders back,

Old clothes new cap
This love
Thats that
My soul trains off the track
I'm caught up in this deep trap
Dreaming you come back
Yeah you look good here with me
Philadelphia Germantown
I don't get it from out of town
I go round for round
Shake my hand
I'm the man
Never forget
me and my crew break hearts too (me and my crew break hearts too me and my crew break hearts too we break hearts too)We break hearts too
My crew my crew my crew (6x)
We break hearts too
