

# Save the World

George Harrison

We've got to save the world  
Someone else may want to use it  
So far we've seen  
This planet's rape, how we've abused it  
We've got to save the world Russians have the biggest share  
With their long fingers everywhere  
And now they've bombs in outer space  
With laser beams and atomic waste Rain forest chopped for paper towels  
One hundred acres every hour  
Our birds and wildlife all destroyed  
To keep some millionaires employed We've got to save the whale  
Greenpeace they've tried to diffuse it  
But dog food salesmen  
Persist on kindly to harpoon it  
We've got to save the world The armament consortium  
They're selling us plutonium  
Now you can make your own H-bomb  
Right in the kitchen with your mom The nuclear power that costs you more  
Than anything you've known before  
The half-wit's answer to a need  
For cancer, death, destruction, greed We've got to save the world  
Someone's children they may need it  
So far we've seen  
The big business of extinction bleed it  
We've got to save the world We're at the mercy of so few  
With evil hearts determined to  
Reduce this planet into hell  
Then find a buyer and make quick sale To end upon a happy note  
Like trying to make concrete float  
Is very simple knowing that  
God in your heart lives We've got to save the world  
Someone else may want to use it  
It's time you knew how close we've come  
We're gonna lose it, we gotta save, we gotta save  
We gotta save the world
