Crawling with Idiot

Elbow

It's crawling with idiots
I'm itchin' to leave
I'm soft with fatigue, I need somethin'
I've never seen anything quite like you
In hereCome on, it's not serious
I just need arms tonightYou're blue collar pride
And you're loose cotton cool
You're wiltin' a little
Nothing grows down here
Chrome smoke heat me and youCome on, it's not serious
I just need arms tonightTonight, tonight
Tonight, tonight
Tonight, just tonight
Tonight, tonight
Tonight, just tonight
Tonight
