

# Rainy Day

## Avenue D

On bended knee  
I've looked through every window then  
    Touched the bottom  
The night, a sleepless day instead  
    A day when love came  
Came easy like what's lost now found  
    Beneath a blinding  
A blinding light that would surround  
We were, we were, we were, we were without  
    In doubt  
We were, we were, we were, we were about  
    Saving for a rainy day  
I crashed through mirrors  
I crashed through floors of laughter then  
    In a blind scene  
No ties would moor us to this room  
    A day when love came  
Came easy like what's lost now found  
    And you would save me  
And I held you like you were my child  
We were, we were, we were, we were without  
    In doubt  
We were, we were, we were, we were about  
    Saving for a rainy day  
Oh, if I were you, defiant you  
    Alone upon a troubled way  
Oh, I would send my heart to you  
    To save it for a rainy day  
We were, we were, we were, we were without  
    In doubt  
We were, we were, we were, we were about  
    Saving for a rainy day  
Oh, if I were you, defiant you  
    Alone upon a troubled way  
Oh, I would send my heart to you  
    To save it for a rainy day
