The Cunningly Titled "Ska Song"

Captain Everything!

Want me to say: "I love you"?
I'll see you after class.
I really think this time that
We can make it last, and you can
Tell me about your boyfriend,
Is he the same as me?
Can I still talk with you?
Can you still look at me?Dependency, well I know that that's a lie,
If you say it to my face I won't ask why.
Rely on me, give me something to believe,
I've made too many mistakes to pass you by.Well I know it really goes to show
What it takes to relate to anything that you say.
Well I know it really goes to show
What it takes to relate to anything...But I don't know why.
