Time Moves Quickly

Noah Gundersen

Time moves quickly
With or without me
You go fast, and I'll go slowI don't like you
Don't even want to
But I can't let you goBut in these pictures
I can't not hear her
And all I see is all I knowTime moves quickly
With or without me
You go fast, and I'll go slow
You stick with me
You never even kissed me
But I can't let you go
