Happy Daze

Ten Foot Pole

wake up
oceans are the shower that we need
waves crash
worries in our mind are finally freed
laughter
echoed
by seagulls in the air
high on summer
and all the carefree times we share.
[Chorus]
memories
will help us as we go our
separate ways
we will always be
connected by thoughts of these happy days
nightfall
make a wish as the stars
begin
vomfort
fell the cool wind breath against hot skin
singing
our favorite songs with beers in hand
life seems
perfect
walking at midnight on the sand
[Chorus]
wish everyday could be like this
