

Looking for a Love That's Real

CeCe Peniston

I know you're looking for a love that's real
And if you let me take you there, I will
 If it's ecstacy you want, just chill
And if you let me take you there, I willBoy I've been thinkin'
 That I might let you in
 So if you're ready
 Then take my hand and let's begin
 You need a woman
 Not a temporary thing
 Someone who's gonna love you
 Right up until the end
 And now I'm in love strong 'til I go
 And I don't know what this is fo'
 And if you do, please let me know
 Before I go out of my mind
 I want you, I need you, I really love you
I trust you, I believe in you
 CHORUS
 Don't fight this feeling
 I'm in the mood again
 I'd be so happy
 If you decide to let me in
 You got me goin'
 Where I never been before
 And now I'm wanting you
Baby more and more
 BRIDGE
 CHORUS (2x)
 Oh baby, I'm not over you
 I've been hit by love
 I got a crazy, crazy love
 I know you're looking
 For a love that's real
 Everytime I see your face, babe
 All I wanna do is chill
 If you let me
 Could it be I'm falling in love with you?
 Can't you see the things you to do me?
