I Am Me

Donnis

What's she got that I don't have?
Does she fill those spaces that I've left you?
When you wake up every night
Does the scent of regret ever haunt you?
Put this under your skin
'Cause I am me and I won't change for anyone
Me and I won't change for anyone
For anyone like you
Does the weight of consequence
Drag you down until it pulls you under?
Does she lend an eager hand
To save you from the future
Of being with her, are you with her?
Put this under your skin
'Cause I am me and I won't change for anyone

Me and I won't change for anyone
For anyone like you
Why would I, why would I change?
Why would I change?
Put this under your skin
'Cause I am me and I won't change for anyone
Me and I won't change, I won't change
What's she got that I don't have?
What's she got that I don't have?
Whoa whoa whoa
Whoa whoa whoa
Whoa whoa whoa
