

# Nothing Left To Say

## Staind

Talk to me  
You never  
Talk to me  
Do we suffer  
From  
Social atrophy  
And when the conversation's over  
When the conversation's over We've taken what's been given  
And we throw it all away Walk with me  
Come on and  
Walk with me  
Take a look  
Around you  
Do you like  
What you see [Chorus]  
We've taken what's been given  
And we throw it all away  
It's hard to be forgiven  
When there's nothing left to say When the conversation's over  
The silence just gets in the way  
When the conversation's over Talk to me  
Don't ever  
Talk for me [Chorus] There's nothing left to say
