

Loughborough Suicide

The Young Knives

I looked down from the Carillon
I looked across to the aviary
How long have they been having fun? I want to be among them
Sitting pretty drinking Evian
I don't think that it will be long And I will never go down fighting
And I will never go down fighting I want to do it on the tennis courts
I want to do it where they are playing sport
So they can make sport of this man Will I find myself traveling?
Will I find myself in therapy?
Or leap and just see where I land Well, it is cold, cold, cold
(I will never go down fighting)
And I think I'm gonna die in here
Considering Loughborough suicide
(I will never go down fighting)
Which I'm definitely going to do this year And if you take a look outside
(I will never go down fighting)
Then the answers to your questions seem quite clear
That you may as well leave
(I will never go down fighting)
As there's nothing else to do around here How long have I been inside?
How long have I been inside?
How long have I been inside? How long have I been inside?
How long have I been inside?
How long have I been inside? How long have I been inside?
How long have I been inside? Well, it is cold, cold, cold
And I, I think I'm gonna die in here
Considering Loughborough suicide
Which I'm definitely going to do this year And if you take a look outside
Then the answers to your questions seem quite clear
That you may as well leave
As there's nothing else to do around here Well, it is cold, cold, cold
(I will never go down fighting)
And I think I'm gonna die in here
Considering Loughborough suicide
(I will never go down fighting)
Which I'm definitely going to do this year And if you take a look outside
(I will never go down fighting)
Then the answers to your questions seem quite clear
That you may as well leave

(I will never go down fighting)
As theres nothing else to do around hereI will never go down fighting
And I will never go down fighting
And I will never go down fighting
And I will never go down fighting
