Whatchu Say

Lauren Sanderson

And whatchu say we drive down, all the way to Rico?
Whatchu say we fly out, all the way to Cisco?
Why you only living just to die though?
Why you only settling to cry ohhh?
Whatchu say you do the things you promised me? What you thinking truth and fucking living fucking honestly.
Whatchu say you stop making excuses?
And whatchu say you stop acting so ruthless?
Just ask me, ask me why I do it, whatchu say you say it to my face and not assume it?
Whatchu say you stop acting so clueless
And whatchu say you stop before I do this?
And whatchu say you stop that constant bitchin' and just smile more?
Whatchu say you live your life and stop waiting for dial tones?
Whatchu think I'm stupid?
And whatchu think I'm stupid, stop callin' my phone.
And whatchu say, whatchu say, whatchu say? And woahooo
And whatchu say, whatchu say, whatchu say? Woahooo
And whatchu say, whatchu say, whatchu say? And woahooo
And whatchu say, whatchu say, whatchu say? Woahooo
