Be the Night

The Obsessed

Yeah we're gonna be the night again,
Yeah we're gonna be the night again,
We're gonna feel the night,
We won't fall without a fight,
We're gonna be the devils friend.
Will we ever see the light again?
Will we ever see the light again?
Hold you in the proud sunlight,
I know it's been a long dark life,
The sun will rise for you again.
I'm gonna kill that man someday,
I'm gonna kill that man someday,
When I put him down,
The world lost one more clown,
And let the chips fall where they may,
And let the chips fall where they may,
And let the chips fall where they may!
