

Bike Ride

Nora Jane Struthers

Going on a bike ride
sidewalk on the right side
I could go anywhere
Going on a bike ride
nothing but the sunshine
I could go anywhere
It's been such a long time
I'm going on a bike ride Oh somehow
I thought I lost my wings
But I feel them now
as my handlebar-bell sings
What a simple thing Going on a bike ride
sidewalk on the right side
I could go anywhere
Going on a bike ride
nothing but the sunshine
I could go anywhere
It's been such a long time
I'm going on a bike ride Years ago
I'd find the shortest way
Now I know
I can just enjoy the day
I'll get there either way Going on a bike ride
sidewalk on the right side
I could go anywhere
Going on a bike ride
nothing but the sunshine
I could go anywhere
It's been such a long time
I'm going on a bike ride Setting out
I take it all in new
Turn around
see what I missed the first time through
Maybe I'll see you Going on a bike ride
sidewalk on the right side
I could go anywhere
Going on a bike ride
nothing but the sunshine
I could go anywhere

It's been such a long time
I'm going on a bike ride
It's been such a long time
I'm going on a bike ride
