

Forest Time

Bonnie "Prince" Billy

Filling up the girl
I am filling up the girl
Make her all of the whole world
Filling up the girlAnd a brand new baby child
Makes me trunky
Makes me wild
Makes me trumpet of the swan
A brand-new footprint-maker bornI be ashtray I be star
I be monkey by Babar
I be hippo calling far
Far into the forestAnd a shark I break its back
And an enemy attack
And chompers chomp
And then they crack
And then a baby's eaten
