

99 Times

Viva La Union

So you see you've got me back again for more
And it seems your song is in my head, this is war
Mystery, how I could feel you breathe me
I was sure you would keep every promise, you would keep every word
Well, I try to put your stories in line but nothing adds up right
For every 99 times you looked me in the eye
You looked me in the eye and swore you weren't lying
Well, I was so blind I never saw the signs
I'm getting out tonight and you're not invited
It's a shame that you left me hanging like you did
It was brave but it was much more foolish
Don't you think? Don't you think?
'Cause you know I won't be satisfied until you realize
For every 99 times you looked me in the eye
You looked me in the eye and swore you weren't lying
Well, I was so blind I never saw the signs

I'm getting out tonight and you're not invited
These things are all so typical
These things are unforgivable
I'm gone and you're invisible now
Don't let me catch you followin'
Don't ask 'cause I'm not offering
You've caused enough of my suffering
For every 99 times you looked me in the eye
You looked me in the eye and swore you weren't lying
Well, I was so blind I never saw the signs
I'm getting out tonight
For every 99 times you looked me in the eye
You looked me in the eye and swore you weren't lying
Well, I was so blind I never saw the signs
I'm getting out tonight and you're not invited
