

What I Wanna Do

No Authority

Yeah, come on, I like that
Yeah, come on, I like that, y'all
Yeah, come on, I like that
Yeah, come on, I like that, y'all
Yeah, come on, I like that
Hey, hey, baby, I've been waiting for so long
For someone just like you
And I know, girl, deep in my soul
That I want to kick it to you let's get personal
Tell me what to do 'cause it's all about you
Anything you want, girl, I'ma do it too
24/7, I'ma tell you, what I wanna do, girl, what I wanna do
Tell me what to do 'cause it's all about you
I gotta what cha need, girl and you know I do
24/7, I'ma tell you, what I wanna do, girl, what I wanna do
You blow my mind anytime
Day or night, can't deny, I won't try
(How you make me feel inside)
You blow my mind every time
You're so sweet so divine, I won't try
(How you make me feel inside)
Now, I'm the one for you, no matter what they say
I can take you 'round the universe in just one day
And if I had the chance, baby, if I had the chance
Let me show you how good this could be if you just let me in
Tell me what to do 'cause it's all about you
Anything you want, girl, I'ma do it too
24/7, I'ma tell you, what I wanna do, girl, what I wanna do
Tell me what to do 'cause it's all about you
I gotta what cha need, girl and you know I do
24/7, I'ma tell you, what I wanna do, girl, what I wanna do

You blow my mind anytime
Day or night, can't deny, I won't try
(How you make me feel inside)
You blow my mind every time
You're so sweet so divine, I won't try
(How you make me feel inside)
Listen, girl, I cannot lie

You know you're the rainbow in my sky
In my heart where our love is
Nothing is more meaningful than this
Yeah, I like that, y'all
I like that, y'all
Yeah, a come on, a come on, y'all
You blow my mind anytime
Day or night, can't deny, I won't try
(How you make me feel inside)
You blow my mind every time
You're so sweet so divine, I won't try
(How you make me feel inside)
Tell me what to do 'cause it's all about you
Anything you want, girl, I'ma do it too
24/7, I'ma tell you, what I wanna do, girl, what I wanna do
Tell me what to do 'cause it's all about you
I gotta what cha need, girl and you know I do
24/7, I'ma tell you, what I wanna do, girl, what I wanna do
You blow my mind anytime
Day or night, can't deny, I won't try
(How you make me feel inside)
You blow my mind every time
You're so sweet so divine, I won't try
