Hollow Crown

Sean Townsend

There...
There must be an easier way to release these feelings
So, so far from home
In need of your voice to hold my head together
So, so far from home
In need of your voice to lift my lonely state of mind

You...
You can't but wait for me to return, for me to show you how I felt
These months have blurred and they just fly by
I need to feel you right by my side

So, so far home
In need of voice to hold my head together
So, so far from home
In need of voice to lift my lonely state of mind

Oh there must be an easier way
Oh there must be an easier way
Oh there must be an easier way to release these feelings

As the sea breeze hits my lungs it takes me back to where I belong
To where I belong
As the sea breeze hits my lungs it takes my back to where I belong
To where I belong
As the sea breeze hits my lungs it takes me back to where I belong
To where I belong
