

Faster

Matt Nathanson

You're so delicious, you're so soft
Sweet on the tip of my tongue
You taste like sunlight
And strawberry bubble gum You bite my lip, you spike my blood
You make my heart beat faster Own me, you own, you rattle my bones
You turn me over and over till I can't control myself
Make me a liar, one big disaster
You make my heart beat faster It's the way you swell, slow
Pushing right out your seams
It's the way you smile, baby
When you've got me on my knees Your all night noise, your sirens howl
You make my heart beat faster Own me, you own, you rattle my bones
You turn me over and over till I can't control myself
Make me a liar, one big disaster
You make my heart beat faster 'Cause I jump, I crash, I crawl
I beg, I steal, I fall Ooooh
Yeah, you own me
And you make my heart beat faster I can't get enough
I guess it's gone
I guess this world is over to me You own me, you own, you rattle my bones
You turn me over and over till I can't control myself
Make me a liar, one big disaster
You make my heart beat faster
