Bright Lights Go Down

Face to Face

When you see me coming down for you baby
I'm ready for a great time
Until the bright lights go downAnd if you don't stand for some time
Then fall for many days
I remember when I said this
They're almost full of it
I made it up because it took
I've had enough
I'll do it anyway so let's get up
And when I stay up to the arm around
Until the bright lights go down
When you see me coming down for you baby
I'm ready for a great time
Until the bright lights go downDon't think to say that I thought so
You never had enough and you'll lose
I will trust when else to vin at
Can follow til the chip unfolds?
There's nothing left, give you another say
You bring the best
It's gonna be okay
Forget the past
But what you wanna save's the ego
Until the bright lights go down
When you see me coming down for you baby
I'm ready for a great time
Until the bright lights go downWhen you see me coming down for you baby
I'm ready for a great time
Until the bright lights go down
