

# Every Second Counts

## New Order

Every second counts  
When I am with you  
I think you are a pig  
You should be in a zoo  
I guess I should've known  
I'd end up on my own  
Every second counts when I am with you  
Every second counts Every little counts  
When I am with you  
You make me feel so good  
I never felt so new  
I saw you long ago  
Though you never let it show  
Every little counts when I am with you Every little counts when I am with you Every second counts  
When I am with you  
Even though you're stupid  
I still follow you  
The smile upon your face,  
It always stays in place  
Every second counts when I am with you Every second counts when I am with you
