Disbelief (Rerecorded)

L.A. Guns

Talking 'bout your silver, baby
Talking 'bout your gold
Give you in discrecious
With a 25 a soulI'm not wasting any time
Listening to those words we learn
I've got better things to do
Stop in jail like we supposedLook, you ain't got no claws
Always want your point of view
I watch those standing dogs, yeahShe don't believe in love
She don't believe in love
She don't believe in loveBad girl, don't believe in love
Can't flakes you up or twice
Stop to slap the nail
Spread yourself like margarineAll over the sense of town
Drag myself right up to top
Where it sounds secure you know
I don't need this anymoreStop in jail like we supposed
Look, you ain't got no claws
Always want you point of view
I watch those standing dogs, they goShe don't believe in love
She don't believe in love
She don't believe in love
Bad girl, don't believe in love
She don't believe in love
She don't believe in love
She don't believe in loveBad girl, don't believe in love
Talking 'bout your silver, baby
Talking 'bout your gold
Give you in discreciousWith a 25 a soul
I'm not wasting any time
Listening to those words we learn
I've got better things to doStop in jail like we supposed
Look, you ain't got no claws
Always want your point of view
I watch those standing dogs, yeah
