

Ready, Set, Go! (Grizzly Remix)

Tokio Hotel

We were running through the town
Our senses had been drowned
A place we hadn't been before We learned to live and then
Our freedom came to an end
We have to break down this wall
Too young to live a lie
Look into my eyes Ready, set, go it's time to run
The sky is changing we are one
Together we can make it while the world is crashing down
Don't you turn around We are looking back again
Our loneliness and pain
Never been so wide awake Breathe slowly in and out
Somewhere beyond the clouds
I can see the morning break
Too young to live a lie
Look into my eyes Ready, set, go it's time to run
The sky is changing we are one
Together we can make it while the world is crashing down
Don't you turn around Leave it all behind you now
The final wall is breaking down
We are all it's all about
Nothing can stop us now I promise you right now
I never let you down Ready, set, go it's time to run
The sky is changing we are one
Together we can make it while the world is crashing down
Don't you turn around Ready, set, go it's time to run
The sky is changing we are one
Together we can make it while the world is crashing down
Don't you turn around Don't you turn around
Don't you turn around
